AN INVITATION We most cordially invite you to visit Dahllaland, "Home of the World's Best Dahlias," and see the healthy, hardy plants growing in the fields. See the huge Trial Grounds where the leading varieties are grown side by side, and handled just the same. See the exhibition of cut dahlia blooms in the exhibition rooms of our warehouse. Our customers and friends always feel at home at Dahllaland. Dahlia Drive is wide and allows for double parking. There is also ample space adjoining for your cars.

DAHLIALAND This is truly the land of Dahlias. It is located on the top of the South Jersey watershed, 180 feet above sea level. The heavy stony gravel soil produces the Dahlias with a vigorous, healthy hardiness that is surprising. It is two and a half miles south of Berlin and on the main cross-country road from the White Horse Pike through Tansboro to Williamstown, where it connects with the Black Horse Pike, also with roads from Clayton and Glassboro, where it connects with Delsea Drive and roads leading from Pennsgrove-Wilmington Ferry, Pennsville-Newcastle Ferry, Salem, Bridgeton and Millville. At Dahllaland the road branches to Berlin, White Horse Pike and on to Philadelphia. The main road goes right on to Tansboro, and connects at the White Horse Pike with the new cutoff for Haddonfield, the Palmyra-Tacony Bridge, and all North Jersey roads. Another road branches across to Atco and Indian Mills, connecting with the new highway from Hammonton, north to Trenton and New York, also connecting with all Jersey Seaside Resorts, and all points north.

INFORMATION The Peacock Dahlia Farms are always open, weekdays and Sundays. Here you meet the acknowledged Dahlia authority, and in answer to any question, you are given a practical demonstration right on the grounds, so you can see rather than hear how it is done. You will be surprised at the hardy, sturdy, healthy plants. You will be surprised at the quantity of blooms. You will be enabled to see just how each variety grows, where it is kept healthily hungry rather than overfed. This induces a healthy root which insures your greatest success, backed up by the ironclad guarantee of entire satisfaction.

DAHLIA EXHIBITION You will not only see the exhibition of cut blooms in the warehouse and cut flower rooms, but the Trial Grounds in full bloom, in addition to the regular fields. This exhibition is now continuous until frost. Visit as often as you can. You will feel perfectly at home after the first visit. Tell your friends what you think of Dahllaland, and extend to them our cordial invitation to visit Dahllaland.

TWO NEW DAHLIAS ALONE WORTH VISIT TO DAHLIALAND

RAY WARNER I. D. Size 9" x 4 1/2". Ht. 5 ft. Color, the most beautiful clear luminous rose pink. Not only the most beautiful luminous rose pink, but the earliest, most profuse and continuous bloomer in cultivation. Ray Warner is really a lifetime dream come true. It has been tried everywhere and universally acclaimed not only the greatest pink Dahlia, but the greatest all-around Dahlia in cultivation. One of Philadelphia's leading physicians writes under date of September 13th: "The two Ray Warner plants which I got from you have been almost the finest thing in the garden." This is the highest praise yet. Not only the finest Dahlia, but in competition with one of the greatest flower gardens in Philadelphia "almost the finest thing in the garden."

EDITH EASTBURN SIMON Ruffled S. C. Size 10" x 4". Ht. 5 ft. Color, an exquisite creamy pink at center, deepening to a delicate orchid pink on the outer petals, blending lighter toward the tips. It is an early, free and continuous bloomer, producing the flowers on long stiff slender stems well above the foliage. It is a sure bloomer everywhere and is acclaimed the most beautiful and outstanding new Dahlia. Has never been beaten in competition.
